Your mother was such enthusiastic believer!
お母さんはそれは熱心な信者だったよ
She worked very hard for arrival of God worrying about the whole dirt all over the world.
地上の汚れを憂い一心に神の御降臨を願い祈りをささげていたよ
Hardly could we also imagine about this thing were happened.
But while of that event your mother was lost

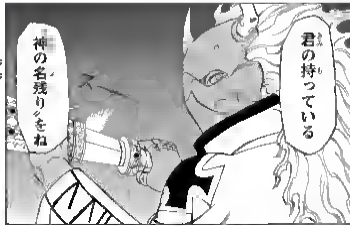
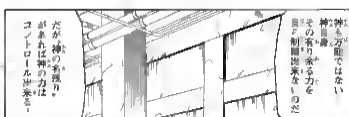
For them it's a man's life just a rubbish



The Gods vestiges

You possess it.



So if there would exist The Gods vestige" we could control the Gods power!

Even God isn't omnipetent The God himself cannot control this superfluous power

I haven't nothing like that.

"They" know about this vestiges they endeavour to misuse it

So we have come across them before it'll happen.
